HENRY MONSANTO

Operations Project Management • Cross-Functional Coordination • Regulated Environments

Fajardo, PR 00738 | +1 (787) 232-4397 | monsanto.henry@gmail.com | linkedin.com/in/ing-henry-monsanto

Puerto Rico-Based, Remote-Ready • U.S. Citizen • Fully Bilingual (English C2 / Spanish Native) • PMP Candidate

PROFESSIONAL SUMMARY

Bilingual Business Analyst and Project Manager with 10+ years of professional experience, including 4+ years coordinating complex, cross-functional projects for a government organization from planning through implementation. Serves as the central point of coordination between business, technical, and vendor stakeholder groups — maintaining project plans, timelines, and milestones, escalating risks and dependencies, and reporting status directly to executive leadership. Experienced helping leaders align priorities, resolve competing objectives, and sequence initiatives, and skilled at the supporting work that makes projects land: UAT coordination, SOP and workflow documentation, vendor implementation, and project dashboards. Comfortable in regulated environments, with early-career experience in insurance claims and renewals and ongoing work under government compliance requirements. Delivered a 65%+ improvement in a core process timeline through structured analysis and disciplined execution. Currently completing PMP exam preparation.

CORE COMPETENCIES

Cross-Functional Project Coordination • Project Planning, Timelines & Milestones • Priority Alignment & Project Sequencing • Risk, Dependency & Escalation Management • UAT Coordination • SOP & Workflow Documentation • Vendor Implementation Coordination • Project Dashboards & Status Reporting • Post-Project Review & Continuous Improvement • Bilingual Communication (English/Spanish)

PROFESSIONAL EXPERIENCE

Business Analyst & Project Manager | Truenorth Corporation

San Juan, PR • June 2022 – Present • 4+ years • Reports directly to CEO/President

- **Coordinate cross-functional projects from planning through implementation** for two enterprise systems (SIL and SILE), serving as the central point of coordination across technical teams, government stakeholders, and third-party vendors — 40+ stakeholders in total.
- Develop and maintain project plans, timelines, milestones, and deliverables; facilitate project meetings and document decisions, action items, and follow-up.
- Identify risks, roadblocks, and dependencies and escalate appropriately; report project status and progress directly to executive leadership.
- Partner with leadership to align priorities, resolve competing objectives, and establish sequencing across initiatives, providing visibility into status, resource constraints, and trade-offs.
- **Coordinate User Acceptance Testing (UAT)** for system implementations and enhancements; develop SOPs and workflow documentation that govern execution and compliance.
- **Redesigned a core process, delivering a 65%+ improvement in delivery timeline** (from ~6 months to ~60 days), then reviewed results to capture lessons learned for continuous improvement.
- Manage vendor coordination and track deliverables and accountability across project teams using Asana and Azure DevOps.

Store Manager | Celuresuelve

Fajardo, PR • Nov 2019 – May 2022

- **Directed operations and supervised a team,** coordinating vendors and managing priorities in a fast-paced environment; drove a **10% increase in revenue.**

Logistics & Operations Manager | Productos Comerciales S.R.L.

Santo Domingo, Dominican Republic • Feb 2018 – Nov 2019

- **Managed construction project timelines, budgets, and contractor coordination** alongside core logistics responsibilities.

- Coordinated cross-functional teams across a distribution network and implemented process improvements that reduced costs and improved delivery performance.

Assistant Manager of Operations | **CCN Jumbo**
Santo Domingo, Dominican Republic • May 2016 – Sept 2016

- Directed daily operations and staff coordination, ensuring compliance with quality and operational standards.

Logistics Coordinator | **Global Medica Dominicana**
Santo Domingo, Dominican Republic • Apr 2015 – Mar 2016

- Coordinated with clinical teams and vendors under strict regulatory and quality-control requirements for time-sensitive medical operations.

Claims Analyst | **La Colonial de Seguros**
Santo Domingo, Dominican Republic • 2010 – 2015

- Processed and analyzed insurance claims and international account renewals, building a foundation in financial-services operations, documentation accuracy, and regulatory compliance.
